(Marengi)

The small settlement of Marengi, located approximately 10 kilometers up the Wiruwai River [from Bgu], is occupied by 24 individuals who speak a language that is unintelligible to the inhabitants of neighboring settlements. Together with three families totaling eleven people who have migrated to the city, and one woman in Armopa married to a Bgu man, these are, so far as I know, the only people in the world who still speak the Marengi language.
