

List of Contributors

Abidin, Zainal is a weed scientist in Research Institute of Vegetables (RIV), Lembang. He received his Bachelor's Degree in agronomy from Bogor Agricultural University (IPB), Indonesia, in 1972.

Adiyoga, Witono is a researcher of agricultural economics at RIV, Lembang. He received his Ph.D. in agricultural economics from the University of Illinois, USA, in 1993.

Ambarwanti, Dinar Alberta is a researcher of tissue culture genetics engineering at Research Institute for Agricultural Biotechnology and Genetic Resources, Bogor. She received her Master's Degree in molecular biology (tissue culture) from Kyoto University, Japan, in 1997.

Asgar, Ali is the head of Department of Post Harvest Physiology at RIV, Lembang. He received his Bachelor's Degree in agricultural technology from the University of Padjajaran, Bandung, Indonesia, in 1985.

Asmunati, Rini is a research assistant in socio-economics at CIP, Bogor. She received her Bachelor's Degree in agricultural socio economics from the University of Jendral Sudirman, Purwokerto, Indonesia, in 1986.

Budianto, Djoko is the Director General of the Indonesian Agency for Agricultural Research and Development (IAARD), Ministry of Agriculture, Jakarta, Indonesia.

Basuki, Rofik Sinung is a researcher of agricultural economics at RIV, Lembang. He received his Ph.D. in agricultural systems from the University of Reading, United Kingdom (UK), in 1994.

Campilan, Dindo is a social scientist with CIP in Los Banos, Philippine where he coordinates CIP's UPWARD network. He received his Ph.D. in communication and innovation studies from Wageningen University, Holland, in 1995.

Chujoy, Enrique is a potato breeder at CIP, Lima, Peru. He received his Ph.D. in plant breeding and genetics from the University of Wisconsin, USA, in 1982.

Dimiyati, Ahmad is the head of Center Research Institute of Horticulture (CRIH), Jakarta. He received his Ph.D. in agronomy/plant breeding and cytogenesis from the University of Nebraska, USA, in 1986.

Fuglie, Keith is the CIP-ESEAP Regional Representative in Bogor, Indonesia. He received his Ph.D. in agricultural and applied economics from the University of Minnesota, USA, in 1989.

Gunadi, Nikardi is a researcher of crop production at RIV, Lembang. He received his Ph.D. in crop production from the University of Reading, UK, in 1994.

Gunawan, Oni Setiani is a bacteriologist at RIV, Lembang. She received her Master's Degree in Microbiology/Bioecology from Bandung Institute of Technology, Indonesia, in 1986.

Hartojo, Koes is the Tuber Crops Research Program Coordinator in Research Institute for Legumes and Tuber Crops (RILET), Malang. He received his Ph.D. in agricultural science from the University of Padjajaran, Bandung, Indonesia, in 1995.

Hartuti, Nur is a researcher of post harvest (crop physiology) at RIV, Lembang. She received her Bachelor's Degree in horticultural from the University of Bandung Raya, Indonesia, in 1989.

Hasanuddin, Andi is the Director of Central Institute of Food Crops (CRIFC). He received his Ph.D. in phytopathology from the University of Philippines, Los Banos, Philippines, in 1987.

Herman, Muhammad is the Genetic Engineering Program Coordinator and the Chairperson of Biosafety Containment Facility, the Indonesian Research Institute for Agricultural Biotechnology and Genetic Resources, Bogor. He received his Ph.D. in plant pathology from the University of Georgia, USA, in 1990.

Hidayat, Achmad is biology scientist at RIV, Lembang. He received his Master's Degree in biology from Bandung Institute of Technology, Indonesia, in 1990.

Ilangantileke, Sarath is CIP's Representative to the South West Asia (SWA) Region based in New Delhi, India. He received his Ph.D. in food sciences from Michigan State University, Ann Arbor, USA.

Jayasinghe, Upali is a seed specialist and virologist with CIP-ESEAP in Bogor, Indonesia. He received his Ph.D. in plant pathology from Wageningen Agricultural University, Holland, in 1982.

Johnson, Nancy Leigh is an agricultural economist at CIAT. She received her Ph.D. in applied economics from the University of Minnesota, USA.

Jusuf, Muhammad is a sweetpotato breeder at RILET, Malang. He received his Ph.D. in plant breeding and genetics from Mississippi State University, USA, in 1988.

Kusmana is a researcher of plant breeding at RIV, Lembang. He received his Bachelor's Degree in agronomy from the University of Bandung Raya, Indonesia, in 1995.

Mahalaya, Sukendra is an information management officer at CIP, Bogor. He received his Master's Degree in communication from Bogor Agricultural University (IPB), Indonesia, in 2001.

Mattjik, Nurhayati Ansori is a lecturer of postgraduate at Bogor Agricultural University (IPB). She received her Ph.D. in agronomy physiology from Bogor Agricultural University (IPB), Indonesia, in 1993.

Muharam, Agus is the Director of RIV, Lembang. He received his Master's Degree in plant protection from Bogor Agricultural University (IPB), Indonesia, in 1984.

Nurdin, Firdos is a researcher of Entomologist at West Sumatra Assessment Institute for Agricultural Technology (WS AIAT). He received his Master`s Degree in entomology from the University of Kentucky, USA, in 1987.

Oates, Christopher O. is a Food Technologist and Managing Director of Agro Food Resources, Bangkok, Thailand.

Peters, Dai is a rural development specialist with CIP-ESEAP based in Hanoi, Vietnam. She received her Ph.D. in forestry from North Carolina State University, USA, in 1996.

Purwito, Agus is the head of Biotechnology Laboratory Department of Agronomy and postgraduate lecturer at Bogor Agricultural University. He received his Ph.D. in biotechnology from Bogor Agricultural University (IPB), Indonesia, in 1999.

Rahayuningsih, Siti Aisyah is a researcher of root crops breeding at RILET, Malang. She received her Master`s Degree in plant breeding from the Gadjah Mada University, Yogyakarta, Indonesia, in 1987.

Saleh, Nasir is the Director of Research Institute for Legumes and Tubers Crop (RILET) Malang. He received his Ph.D. in plant pathology from Gadjah Mada University, Yogyakarta, Indonesia, in 1985.

Setiawan, Asep is a post doctorate researcher at CIP-ESEAP, Bogor and lecturer at Bogor Agricultural University. He received his Ph.D. in department of crop science and plant breeding from Kiel University, Germany, in 1999.

Sisharmini, Atmitri is a researcher of tissue culture genetic engineering in Research Institute for Agricultural Biotechnology and Genetic Resources, Bogor. She received her Bachelor`s Degree in biology from Gadjah Mada University, Indonesia, in 1995.

Sofiari, Eri is the head of Department of Plant Breeding and Germplasm at RIV, Lembang. He received his Ph.D. in plant breeding and biotechnology from the Wageningen Agricultural University, Holland, in 1995.

Suherman, Rachman is a researcher of agricultural economics at RIV, Lembang. He received his Master`s Degree in agricultural empowerment development from University of East Anglia, UK, in 1996.

Suri, Fannia Virginia is a research assistant on seed specialist with CIP-ESEAP in Bogor. She received her Bachelor`s Degree in seed technology from Bogor Agricultural University (IPB), Indonesia, in 2000.

Tjintokohadi is a research assistant on sweetpotato breeding department with CIP-ESEAP in Bogor. He received his Bachelor`s Degree in agricultural faculty from the University of Lambung Mangkurat, Banjarmasin, Indonesia, in 1990.

Van de Fliert, Elske is a crop protection specialist with CIP-ESEAP in Bogor, Indonesia. She received her Ph.D. in extension science/crop protection from Wageningen Agricultural University, Holland, in 1993.

Walker, Thomas S. is the head of the Social Science Department at CIP, Lima, Peru. He received his Ph.D. in agricultural economics from the Stanford University.

Wargiono, Joses is a researcher of principal agronomist at CRIFC, Bogor. He received his Bachelor's Degree in agricultural biology from Nasional University, Jakarta, Indonesia, in 1976.

Wattimena, Gustaaf Adolf is the head of Laboratory of Biomolecular and Cellular Plant, Research Center Biotechnology. He received his Ph.D. in horticulture/plant physiology from University of Wisconsin, USA, in 1983.

Widyastuti, Caecilia Afra is a researcher of genetic resources at CIP-ESAP, Bogor. She received her Master's Degree in rural sociology from Bogor Agricultural University (IPB), Indonesia, in 2000.

Wiyanto is the Mitra Tani project officer of Magelang area. He received his Diploma in mathematics from Teacher's Training College (IKIP) Karang Malang, Indonesia, in 1980.
